**Structural strength and integrity
of your retaining wall**

All of our sleepers include 2 x N12 reinforcements and our custom concrete mix designs reach 55-60 MPa with surpass all Australian standards and maximizing concrete sleeper strength with a 60-year design life.

**Largest manufacturing facility in
Australia**

Our purpose-built facility ensures that our products are manufactured, stored and cured inside a temperature-controlled environment where we can produce up to 4,000 sleepers per day.
